We will practice In-Camera Black and Whites, Macro, Balancing Light for Sunrise and Sunset, Wildflowers, Wildlife, and so much more. In this class you will not need to be able to hike. If you can get a ½ mile from the car, you can take this class. For the hikers in the group, I will offer a couple of hikes in the day, but they are not an official part of this class. You will be able to get camping or lodging in one spot for this entire class. This truly is a Big Adventure in Grand Teton National Park. I hope you will join us!
