

Fall Color Tumwater Canyon and Wenatchee Lake 2022

October 17-18, or 19-20 2022

Hello To all my amazing Students,

I wanted to take a moment and highlight my amazing two day adventure for fall color in the Lake Wenatchee and Tumwater Canyon Area outside of Leavenworth Washington. I consider this area to be the best fall color area in the entire Northwest and rivals the Northeast as one of the best area in the entire country. This two day class hits many of my hotspots and a few of my secret spots in the area.

This class starts with Sunrise at Lake Wenatchee. Then we move through Tumwater Canyon hitting as many spots as we can before I give you a 3 hour break for lunch. Then we meet back at Lake Wenatchee and I take you to one of my secret Hotspots. After we soak up all that amazing fall color, we hit Lake Wenatchee for sunset, then we stay out for star photography. Back at Lake Wenatchee for Sunrise, we finish with another tour of Tumwater Canyon and your lesson ends by noon on day 2. Here are some of the highlights of this amazing class:

Sunrise from Lake Wenatchee is always a big hit!

After Sunrise it's on to Tumwater Canyon, and you will not believe the colors in this area!

We love shooting fall color on this road less traveled

Then into the Canyon we go:

This area of Tumwater canyon will keep us busy for a very long time. It will be very difficult to leave it behind, but onward we must go!

This is another of the hotspots in the canyon, and you will love shooting around this amazing Red Bridge.

Plenty to do here also, as we shoot from the bridge, after we nail this shot and put it in the bank!

After your 3 hour lunch break we will meet back at Lake Wenatchee as I take you to one of my secret spots:

This secret spot will bring in many fantastic images!

Lodging: There are plenty of lodging choices in and around Leavenworth and there is camping available right in Lake Wenatchee. You will get a detailed email when you sign up for your class that will outline the lodging choices and give you all the other information to prepare for your trip.

Hiking: There is little to no hiking in this class, If you can walk a mile in a day, then you can take this class

The Cost of this amazing seminar is \$400 per student with a \$200 deposit. This is a class that will sell out eventually and we have a max of only 11 students, so if you want in, contact me as soon as you decide you want to go to make sure you can reserve your spot. And of course with all of my lesson and seminars, you get hands on instruction every step of the way, at every location. My goal is for you to learn all the professional technical skills you need, and to make sure you walk away with amazing images. If photographing fall color at its peak in the Tumwater Canyon Lake Wenatchee Area has been on your list of things to do, then this is the trip for you. To sign up please give me a call at 425-210-2506 or send me an email at randall@randalljhodges.com, thank you all very much!

***I look forward to working with you in the Tumwater Canyon Lake
Wenatchee Seminar!***
